

**Patient Name:** Noah Ark

**Date of Visit:** March 29, 2025

**Physician:** Dr. George Lucas, DDS

**Clinic:** Family Dentistry, Dallas, TX

**Claim Number:** 987654321

---

### **Oral Examination & Findings**

- **Teeth:** No caries or structural abnormalities detected.
- **Gums:** Mild gingival redness along posterior molars; no bleeding on probing.
- **Bite/Alignment:** Normal occlusion, no signs of bruxism.
- **X-rays:** Routine bitewing X-rays taken — no decay or bone loss evident.

### **Assessment & Plan**

1. Routine dental cleaning completed successfully.
  2. Advised improved flossing along lower molars to reduce plaque buildup.
  3. Recommended fluoride toothpaste twice daily.
  4. Return for regular cleaning and exam in 6 months.
-
